The solar initiative has been met with broad support among voters, lawmakers, and home builders. The new rule will increase the total amount of green energy produced and reduce dependency on fossil fuels. Supporters also say that increasing demand for solar panels and hardware will drive prices down, so that this technology will be increasingly affordable. Finally, though the building phase will be more costly than usual, homeowners will save on electricity bills in the long term.

Skylight Gardens
Your Neighborhood Garden Center

Plant Care Tips

Effective plant care starts with choosing the right pot for your houseplant. Make sure that there are holes in the bottom of the pot to let water flow out.

Next, purchase soil from your local garden center. Store-bought potting soil typically contains fertilizer to help indoor plants grow. Using dirt from your own outdoor garden is risky. This dirt can be filled with insects, disease, and weeds, all of which can be harmful to indoor plants.

After potting, pour water on the soil and flowers of your plant. Always check the soil before watering. If the soil is still moist, there is no need for more water.

To maintain a healthy plant, pinch or cut off parts of the plant that have turned brown or withered. Doing so helps to facilitate new growth. Each spring, repot your plant in a larger pot to allow room for the root system to grow.

Questions 164-167 refer to the following e-mail.

To:	elvin.williams@gxtinvestments.com
From:	barry.robledo@gxtinvestments.com
Date:	May 17
Subject:	301 N. Powell
Attachment:	Photos

Elvin,

I walked through the property at 301 N. Powell Avenue today. I was able to see the reception area, the offices, and the kitchen, but the utility closet in the west hallway was locked. I am sure an inspector will be able to verify that the furnace and electrical circuit board in that space are in good working order should we choose to proceed with a purchase.

The building has all the space we need to accommodate our clients, including a large parking area. However, there are some issues that we will need to address if we move forward: the carpet in the reception area is discolored; some floor tiles in the east hallway are cracked; and there is chipped paint in the conference room. The small water stain on the ceiling of the conference room may indicate a leak in the roof. I have attached photographs of the problem areas.

Given the low price of the property, I think we should consider this location. We could update the space and still come in under budget. Our current lease expires in three months, so we will need to make a decision quickly. Let me know what you think.

Sincerely,

Barry Robledo

164. Why did Mr. Robledo send the e-mail?

- (B) To suggest opening a branch office

The screenshot shows a digital communication interface with three participants: Akio Nishi, Isidora Basque, and Kriya Patel. The messages are timestamped from 3:35 P.M. to 3:48 P.M. The interface includes a header with three user icons, scroll bars on the right, and navigation arrows at the bottom.

Akio Nishi [3:35 P.M.]: Did you both see the e-mail from Barbara with furniture options for the lobby?

Isidora Basque [3:37 P.M.]: Look at the brown leather chairs with wheels. They are so much more stylish than the current chairs.

Akio Nishi [3:38 P.M.]: They are attractive, but they don't seem sturdy. What do you think of the big green ones with the plush seats?

Kriya Patel [3:39 P.M.]: I am opening it now.

Isidora Basque [3:40 P.M.]: They look comfortable. But space is limited, and we need at least four chairs in the lobby. Those green chairs are really big.

Kriya Patel [3:42 P.M.]: Are you still looking at the Premium Office section?

Akio Nishi [3:43 P.M.]: No, we're discussing the Budget Office options now.

Kriya Patel [3:44 P.M.]: Oh, good. Those choices are more affordable.

Akio Nishi [3:46 P.M.]: We should probably select a reception desk before the chairs. Do you like the second one, the yellow desk? I do.

Kriya Patel [3:47 P.M.]: I think it would fit nicely in that space. It is the same size as the current desk.

Isidora Basque [3:48 P.M.]: I think it's perfect. I'll tell Barbara now that we all like that desk. Let's touch base about the chairs after we have had the chance to look at all the choices.

Dear Mr. Raster,

Thank you for updating me on the status of the Belma S1. Our facilities expansion will not be complete until next month, so I will wait until then to place the order.

We are planning to buy six of the new units but could be persuaded to purchase more. Please let me know, and thank you again for following up.

Dear Colleagues,

As you may have heard, our friend and colleague Gerard Clegg will be leaving Sielend Group at the end of February after 22 years. During his tenure as CFO, Gerard implemented state-of-the-art budget-management software and presided over a threefold growth in company revenues.

Gerard has expressed mixed feelings about departing but says that he plans to work part-time alongside his brother at the local firm Chartera Consultants. Gerard will also continue to be involved with youth five hours a week at the nonprofit Reach-Out Durban League.

Please join us in attending Gerard's farewell party at 7:00 P.M. on Friday, 28 February, at Longres Ballroom here in Durban. Light refreshments will be served, and the company president will present Gerard with a plaque to show our appreciation for his many contributions to the company.

If you plan to attend, please e-mail my assistant Seojung Lee to let her know. We would like to know in advance how many people to expect. We look forward to seeing you there.

Thanks,
