Subject:	RE: Staffordsville Craft Fair

Dear Ms. Renaldo,

Thank you for your interest in selling your handcrafted items at the annual Staffordsville Craft Fair. Please note that all applicants must submit a \$25 application fee, whether or not they want to share a space with another applicant. Moreover, all applicants must submit a minimum of four photographs of their work in order to be considered as a vendor. — [1] —.

In addition to photographs, we ask that you submit a rough sketch showing how you would display your work. Since you propose to share a space with a friend, local potter Julia Berens, it would be helpful if your sketch could indicate how you are planning to use the space jointly. — [2] —.

Also, because we hold the fair rain or shine, all vendors must supply their own tenting to protect themselves and their wares from the possibility of rain. — [3] —.

Today's students work with sophisticated equipment, much of which did not exist in our early days.

To reflect these and other significant changes that JATA has undergone over time, the Board of Trustees has approved a proposal by the Faculty Senate to rename the institution the Caribbean Academy of Science and Technology. As a result, a new institutional logo will be adopted. All students and faculty members, both current and former, are invited to participate in a logo design contest. Information about the contest will be forthcoming.

The renaming ceremony and the introduction of the new logo will take place at 11 A.M. on 1 June, the twentieth anniversary of the institution. We hope you will be able to join us.

Improve Your Office Environment Now!

Today's office environment, featuring numerous corridors, unexciting beige or white walls, and often rows of identical, windowless cubicles, might not inspire comfort, beauty, and energy. However, there are some easy, inexpensive ways to make your office space more inviting.

Air quality

- Add some green plants to the décor. Plants offer a natural filtration system, increasing oxygen levels. Nonflowering plants should be preferred, as they will not scatter pollen.
- A small, tabletop air purifier helps improve stale air and removes dust.

Light quality

- Take breaks and go outdoors. Even just

five minutes before or after lunch break will provide your eyes with a respite from artificial light sources.

- Use desktop lamps with full-spectrum lightbulbs.
- Install double-glazed windows instead of blinds to reduce glare while maintaining natural light.

Stress relief

- Earplugs or noise-cancelling headphones can block distracting noise in an open office floor plan.
- Photographs of loved ones and places we have visited for vacation are reminders of our life away from the office. Select a few favorite pictures as important decorative elements.

Dear readers, if you have tips to add to this list, send them in and they will be published in next month's issue.

Alberta Business Matters

Lloyd Touring Company Review

This was my first trip to London. I decided to see all the major tourist sites on my own, but I wanted someone to help me discover the most interesting places to shop in London. My LTC tour guide, Larissa, was wonderful. She is an avid shopper herself, and at the beginning of the tour, she tried to get to know the participants. She was able to guide everyone to the shops that they were most interested in. It was such a personalized tour! And it was a bonus that Larissa also speaks French. My daughter and I were visiting from Paris, and we appreciated being able to communicate in two languages. The tour was very reasonably priced, too. I would highly recommend it. The only unpleasant part of the tour was that Oxford Street was extremely crowded when we visited, and it was difficult to walk around easily.

181. How does Tour 1 differ from all the other tours?
- (A) It uses a double-decker bus.
 - (B) It includes multiple meals at famous restaurants.

183. What tour did Ms. Bouton most likely take?
- (A) Tour 2
 - (B) Tour 3

184. What does the review suggest about Ms. Bouton?
- (A) She prefers bus tours.

185. Why was Ms. Bouton disappointed with the tour?
- (A) It was expensive.

Dear Roberta,

I'm looking forward to finishing up our brochure design for Entchen Financial Consultants. Before we submit our final draft, I would like to rethink how we are presenting our data. Have you had a chance to look through the Costa book I showed you? He gives great advice on improving the clarity of financial information in marketing materials. Anyway, let's talk about it at lunch tomorrow.

Anton Building

Clanton (12 October)—The planned renovation of the historic Anton Building by Jantuni Property Developers (JPD) is facing new delays. A JPD spokesperson says their negotiations with the city regarding a package of subsidies and tax incentives are ongoing and are proving somewhat contentious. According to the renovation plan, JPD must protect the historical integrity of the Anton Building while it creates a mixed-use interior, offering both office space and lower-level retail space. However, JPD's city permit to do the project is on hold pending the current negotiations.

This is making city revitalization advocates increasingly anxious. Aditi Yadav comments, "This plan to create useful space out of an empty decaying building will go a long way to restoring vibrancy to that area of the city. I sincerely hope that JPD does not back out. In creating their offer, the City Council should consider JPD's excellent record of beautifully restoring and maintaining several other historic buildings in Clanton."

Dear Mr. Rowell,

I am the owner of Lenoiva, a health-care technology company. We plan to expand our operations and we need new office space. The Anton Building is one of the locations in Clanton that we are considering. We have been informed that your restoration project of this building will be finished sometime this spring, which is good timing for us. We are particularly attracted by the easy access to public transportation services that your building offers. Do you still have spaces available for rent? We anticipate needing a space at least 300 square metres in size. Would there be any reserved parking for our employees if we rented there? We would appreciate any information you can provide.

Thank you in advance,

Ana Bautista

Hello Daneston Gear Company (DGC),

I am the president of an activities club. This month, our 30 members intend to take a day trip to Daneston to go boating on the lake. Could you please send me information regarding your rates and offerings? We are most interested in renting boats that seat one person. Some time ago, I rented a kayak for myself from DGC, but this will be my first time renting from DGC for a group.

Thank you,

Tanya Jefferson
